Billing Changes

We have updated our billing and invoice flow to adjust for the errors that some of you found on your October Invoices.

We have been trialling auto-billing on the 1st of each month, but after 6 months of testing, it's decidedly not enough time to catch any schedule changes or errors before invoices get sent out. We've now adjusted our billing window to be the 4th or the 5th of each month.

We still bill up-front at the beginning of each month for lessons, to ensure instructors receive their commissions by month end, but any overpayments will always be credited towards the next months' invoice.

Our apologies for any confusion last month. We thank our students and parents for their diligence in catching Invoice discrepancies. We hope this new process will avoid future incidences like that in Oct.

Private Lessons

We offer private one-on-one lessons on the following instruments, in the following subjects:

- Acoustic Guitar
- Bass Guitar
- Drums
- Electric Guitar
- Handpan

- Ukulele / Mandolin
